##### And What Have You

By BOB CRAIG

We would like to take this opportunity to welcome all of the Ex-students this weekend and hope that your visit is most enjoyable. A great many people have devoted a lot of hours in making this one of the best homecomings in some time.

A special feature of this year's homecoming is the effort to tie the homecoming in with the Bicentennial theme and urging all of the local residents who are not exes to join in the celebration.

May your weekend be one that you will remember for years to come.

We have not had a chance in this column to comment on the recent UIL ruling that places Hamlin along with Anson in Class A next year.

While this change has been a blow to the ego for most of us, it may be much better for the youngsters who have to do the competing. Sometimes as adults we lose sight of what the whole athletic program is all about.

One thing that most people do not seem to understand is that Hamlin's enrollment did not drop so much that it put us in Class A. It was the raising of the number of students needed to stay in Class AA. Under last year's and this year's rules, Hamlin would have remained in AA for the next two years. But when the UIL raised the bottom limit from 235 to 240 it caught us. Hamlin's average enrollment for the past two years was 237.45.

Many people seem to think that because Hamlin has dropped back in Class A that our town is about to blow away. This is not necessarily the case. Haskell has about 1,000 more people than Hamlin and has

## Bicentennial Group to Sell Early Day History of Hamlin

An early day history of Hamlin first printed in 1911 has been reprinted as a Hamlin Bicentennial project and will be placed on sale to the public this weekend during Homecoming.

The pictorial history of Hamlin was printed in 1911 by the Hamlin Herald and was distributed compliments of Gray Lumber Company.

Mr. Gray, a lumber man in Colorado City, had moved here in 1906 as the town was being established and built the first lumberyard located behind the present Frank's Department Store.

A make shift hotel had been built on main street and he and his family which then included three children lived there until he built the home that is now owned by the Clarence Baileys. Two of the Grays five children were born in Hamlin.

He was a prominent civic leader of early day Hamlin.

The Grays moved to Sweetwater in 1926 and Mr. Gray died in 1927. The Gray Lumber Company was maintained here until 1933.

The Grays' son, George W. Gray Jr., lives in Lubbock and visits in Hamlin often with Mrs. John Ed Day, one of the members of the Bicentennial committee who started work on getting the book reprinted.

Mrs. Day's nephew, Key Caldwell of Royce City, found the book in the bottom of an old trunk belonging to his grandmother, Mrs. Claude S. Dean, sometime after her death. Caldwell is the son of the late Bowd Caldwell and Mrs. Caldwell, now of Valley Mills.

Mrs. Day has not been able to find another copy. During the process of getting the book reproduced, the original was carefully stored in a fireproof safe at the Herald. The aged brittle pages were processed by Publisher Bob

Craig with the book intact.

The first publication was printed letterpress, that is, from hand set type and zinc plates for the pictures. The reproduction is printed by offset method which is a photographic and printing process.

The book was reprinted under the sponsorship of the Bicentennial committee and the cover was printed courtesy of The Hamlin Herald.

The cover is heavyweight white hotsack stock and was the first job to be printed on a new Davidson offset press delivered Friday and installed Monday and Tuesday at the Herald plant.

The cover, designed by Craig, features an emblem he created using the Texas Bicentennial emblem and the Hamlin Pied Piper. A notation on the back cover

explains "This early history of Hamlin was first printed by The Hamlin Herald in 1911 and was reprinted again by The Hamlin Herald in 1975."

The 28-page book gives the history of Hamlin from its organization in 1906 through 1910. At this time the cornerstone had been laid and the Central Nazarene University was under construction. The population increased from 7,053 in 1900, to 24,299 in 1910, according to information in the book.

Members of the Bicentennial committee believe this valuable record of Hamlin's early history will be appreciated by the people in Hamlin and others who have lived here.

The book will be placed on sale during Homecoming and will also be available at several local businesses.

The annual Homecoming football game will begin Friday evening at 7:30 in Piper Stadium. The Pipers will host their long-time rival, the Stamford Bulldogs. At halftime the Homecoming and Coming Home Queens will be announced and crowned.

Hamlin slipped by the Bulldogs Friday evening at Coahoma 22-16 to run their season record to 5-2-1.

The Pipers rushed for 299 yards with Daniel Willis leading the charge with 97 yards and two touchdowns. Delbert Thompson, who sat out most of the second half, was second in rushing with 84 yards on 12 carries. Robert Pharris scampered for 79 yards and one TD.

Gerald Rodgers went to the air only twice and did not connect either time. The Piper defense was staunch in the first half as they held the Bulldogs scoreless.

# GIRL SCOUT NEWS

All Brownies, Girl Scouts and their parents are asked to meet at the Methodist Church parking lot at 10 a.m. Saturday morning if the girls plan to march in the Homecoming parade. After the march through town and back to the church girls are to be picked up by their parents as the leaders will be too busy to take them home.

Scouts are urged to be there by 10 a.m. as Lynn McKinney, Field Representative of the West Texas Girl Scout Council of Abilene, will be there to practice songs before the parade.

An open house at the Girl Scout Hut will be held from 3 to 4 p.m. Saturday. All Scouts, parents, friends and visitors are invited to come by to see how the work is progressing at the hut.

The flagers will be from Troop 358, Troop 300 will register guests, Troop 396 will serve refreshments, Troop 317 will clean up and Troop 354 and 316 will sing during open house.

All Scouts who have not earned their Bicentennial patches will earn them for

helping with the open house. About 100 Brownies, Girl Scouts, their leaders and helpers attended the Girl Scout Halloween party Oct. 31 at the Jaycee Building.

The girls bobbed for apples, had a dance contest and a variety of other games were played. The highlight of the evening was a spook house set up in the back of the Jaycee building by troop 358 under the leadership of Joyce Watts and Mrs. Jody Ford.

In the darkness the girls found a fortune teller booth, a grave yard, a spook house with all kinds of ghost and witches.

Refreshments of cookies, punch, popcorn balls and lots of Halloween candy were served by the leaders.

Mr. and Mrs. Gary Ledbetter are parents of a girl, Jennifer Lynn, 7 lbs. 9 1/2 oz., born Nov. 4. The couple has a son, Ronald Shane, 3. Maternal grandparents are Paul Foster of Stamford and Marie Foster of Wichita Falls. Paternal grandparents are Paul Ledbetter of Hamlin and Ernestine Ledbetter of Cleveland.

# Fourth Quarter Score Gives Pipers 22-16 Victory

Halfback Daniel Willis picked his way 50 yards through the Coahoma Bulldog defense late in the final period Friday evening to put the winning six points on the scoreboard to give the Pipers a 22-16 district win.

The Pipers went in at half time with a 16-point lead only to see the Bulldogs come back in the second half to tie the game 16-16 with 11:17 left in the game.

Willis was the top ground gainer of the evening, scoring two touchdowns and carrying the ball 11 times for 97 yards. He was followed by fullback Delbert Thompson who rushed for 84 yards in 12 carries before going out of the game early in the second half with an ankle injury. Robert Pharris, who scored the other Pipers touchdown, had 79 yards in nine carries.

Ricky Patterson was the top ground gainer for Coahoma with 48 yards in 11 carries.

The Pipers took the opening kickoff at their own 20 and covered the 80 yards in 11 plays with Willis scoring from the seven. Stan Jones split the uprights to give the Pipers a 7-0 lead with 7:15 left in the first period.

Thompson and Pharris picked up most of the yardage on the drive with Thompson having runs of 19, 7, 2, and 20 yards. Pharris picked up yardage on runs of 9, 3, 1 and 10 yards. Willis picked up two yards early in the drive and then left two Coahoma Bulldog defenders on the ground as he picked his way into the end zone from seven yards out.

Coahoma failed to gain a first down following the

kickoff and punted to the Hamlin 15. The Pipers moved out to the 28 before giving up the football on a fumble to give the Bulldogs their first scoring opportunity.

The Bulldogs could pick up only two yards in three plays and on fourth down Rogan Tindol dropped back to pass. The ball was tipped into the air by one Pipers defender and Willis came up with it at the 10. Picking up good blocks, the speedster crossed the field and was finally brought down at the Coahoma 42. The Pipers moved down to the Bulldog 27 before giving up the ball on downs.

The tough Pipers defense held the Bulldogs to eight yards in three plays and Coahoma punted to the

Hamlin 43. A pass interference call on the Bulldogs gave the Pipers a first down on the Bulldog nine. But the officials ruled that Willis was just inches short of the goal on fourth down.

Picking up their first first down of the game the Bulldogs moved out to the 19 before dropping back into punt formation. A high snap from the center sailed over the punter's head and out of the end zone to give the Pipers a two-point safety.

With the Bulldogs punting from the 20, Paul Reynolds returned it 10 yards to the Coahoma 43. Thompson carried into the line for three and then Pharris took the option pitch from quarterback Gerald Rodgers, got a good block from Willis, and raced down the sideline for 40 yards and the second Pipers score. Jones added the point after to give the Pipers their 16-0 lead with 3:45 left in the first half.

The bulldogs put together their first sustained drive of the night following the kickoff as they moved from their own 20 to the Hamlin 16 before running out of downs.

The Pipers moved back up field to the Coahoma 36 before a 15-yard penalty put them back on their own 49. Two passes were incomplete and the Pipers had to punt. Coahoma ran one play to close out the half.

The Pipers kicked off to the Bulldogs to open the second half. Taking over on their

own 30, the Bulldogs failed to make a first down and punted. Pharris tried to field the short kick at the Hamlin 46 and fumbled with Coahoma recovering.

It took the Bulldogs only six plays to cover the 46 yards with Patterson scoring from the two. Tindol passed to Tim Higgins for the two points and the score stood at 16-8 with 7:50 left in the third period.

The Pipers failed to gain a

first following the kickoff and Rodgers punted 59 yards to the Coahoma 17.

Mixing up their passing and running game, the Bulldogs moved the ball 83 yards in 15 plays with Tindol scoring from the five. He passed to Higgins for the two-point conversion to tie the game with 11:17 left.

Following the kickoff, the Pipers moved down to the Bulldog 20 on the running of

Rodgers, Jones and Willis, but on fourth down Willis was just inches short of a first down and the Bulldogs took over at the 17.

Again the Pipers defense stiffened and the Bulldogs could gain only two yards in the three plays and were forced to punt to the Hamlin 47.

Jones carried for two, and Pharris added two more before Willis took off on his

50-yard scamper. Willis took the quick pitch from Rodgers and seeing the outside closed up, he cut back over the middle leaving would-be tacklers all over the field and raced into the end zone standing up. The kick for the point after was wide and the Pipers led 22-16 with 4:30 left in the game.

Coahoma returned the kickoff to their own 34, picked up a first down at the 47, but

lost a yard on first down and then had three passes go incomplete to give up the ball on their own 46.

Using up the clock, the Pipers ran Jones into the middle of the line for 23 yards in four plays before Willis tried to get outside only to be dropped for a seven-yard loss. Rodgers fell on the ball on the next play and Pipers watched the clock run out to give them their 22-16 victory.

## NEWS AND VIEWS . . .

### And What Have You

— Continued from page One

about the same as Stamford but has been in Class A for two years now. We understand that Stamford only has about 20 more students than is required to stay in Class AA.

The fact that Hamlin has been on top in the present AA district they are in for the past three years and in contention again this year has made it hard to accept being dropped back to Class A. But over the long haul it is difficult for schools in the bottom half of any of the brackets to compete with the schools in the upper half.

Next year Class AA will include schools with average enrollments varying from 240 to 549. If you figure that half of these students

are girls and that about half of the boys do not take part in athletics, it is not hard to see that the smaller schools must be blessed with exceptional talent to compete with the larger schools.

The breakdown for the UIL classifications for the next two years will be Conference B, up to 124 students; Conference A, 125 to 239; Conference AA, 240 to 549; Conference AAA, 550 to 1,219; and Conference AAAA, 1,220 and up.

As we said earlier, the whole program is for the youngsters, but it still needs the support of the fans and this is where the problems will come in. Many of the schools in the new district just do not have the facilities to handle the crowds that Hamlin usually takes to games. But maybe with Haskell, Rotan and Hamlin in the same district some of the other schools will see their gates grow to the point that they will consider enlarging some of their facilities.

## Neinda Philosopher Takes A Dim View Of The Contention That Most News Comes From TV

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One looks at television news this week, more or less.

Dear editor:  
According to an article I read in a Newspaper last Monday night in between plays to keep from having to listen to Howard Cosell, most people now get their news from television.

This was stated as a confirmed truth and I got to thinking about it. Possibly it's true, considering how uninformed most of us are about what's going on in the world, although that's no test; most of us were in that shape even before television was invented.

Now I'm not berating television news. For example, the other evening during the TV news I marveled at the fact that man has put a satellite into orbit to bring a live picture from Japan to Hamlin to tell us that Nancy Kissinger has bought a shaving brush for Dr. Kissinger, when all along I'd thought television commercials had persuaded everybody to use shaving cream from a squirt can, unless of course they'd tuned in another network and were persuaded to use an electric shaver. It's clear the Kissingers don't watch much

television, but that doesn't explain why he has to keep flying back and forth between those mid-east countries to make sure what he found out yesterday is still true today, which most of the time it isn't.

But back to the notion that most people get their misinformation, I mean their news, from television. It's true they get the big news there first, like when Patty Hearst is captured or when the President is fired at by a woman, whom TV first reported was a man. But to say people get most of their national and international news from television 30 minutes a day, take away 5 minutes for commercials, and most of their local news from television another 30 minutes day, take away 10 minutes for commercials and 5 more for car wrecks, is to be uninformed on how human nature operates.

Newspapers, which now have more circulation in the U.S. than ever before in history, furnish I'd say 50 times more news than television, and word-of-mouth beats both, if you're on speaking terms with your neighbors.

#### NEWS AND VIEWS...

##### And What Have You

By BOB CRAIG

We would like to take this opportunity to welcome all of the Ex-students this weekend and hope that your visit is most enjoyable. A great many people have devoted a lot of hours in making this one of the best homecomings in some time.

A special feature of this year's homecoming is the effort to tie homecoming in with the Bicentennial theme and urging all of the local residents who are not exes to join in the celebration.

May your weekend be one that you will remember for years to come.

We have not had a chance in this column to comment on the recent UIL ruling that places Hamlin along with Anson in Class A next year.

While this change has been a blow to the ego for most of us, it may be much better for the youngsters who have to do the competing. Sometimes as adults we lose sight of what the whole athletic program is all about.

One thing that most people do not seem to understand is that Hamlin's enrollment did not drop so much that it put us in Class A. It was the raising of the number of students needed to stay in Class AA. Under last year's and this year's rules, Hamlin would have remained in AA for the next two years. But when the UIL raised the bottom limit from 235 to 240 it caught us. Hamlin's average enrollment for the past two years was 237.45.

Many people seem to think that because Hamlin has dropped back in Class A that our town is about to blow away. This is not necessarily the case. Haskell has about 1,000 more people than Hamlin and has

## Bicentennial Group to Sell Early Day History of Hamlin

An early day history of Hamlin first printed in 1911 has been reprinted as a Hamlin Bicentennial project and will be placed on sale to the public this weekend during Homecoming.

The pictorial history of Hamlin was printed in 1911 by the Hamlin Herald and was distributed compliments of Gray Lumber Company.

Mr. Gray, a lumber man in Colorado City, had moved here in 1906 as the town was being established and built the first lumberyard located behind the present Frank's Department Store.

A make shift hotel had been built on main street and he and his family which then included three children lived there until he built the home that is now owned by the Clarence Baileys. Two of the Grays five children were born in Hamlin.

He was a prominent civic leader of early day Hamlin. The Grays moved to Sweetwater in 1926 and Mr. Gray died in 1927. The Gray Lumber Company was maintained here until 1933.

The Grays' son, George W. Gray Jr., lives in Lubbock and visits in Hamlin often with Mrs. John Ed Day, one of the members of the Bicentennial committee who started work on getting the book reprinted.

Mrs. Day's nephew, Key Caldwell of Royce City, found the book in the bottom of an old trunk belonging to his grandmother, Mrs. Claude S. Dean, sometime after her death. Caldwell is the son of the late Bowd Caldwell and Mrs. Caldwell, now of Valley Mills.

Mrs. Day has not been able to find another copy. During the process of getting the book reproduced, the original was carefully stored in a fireproof safe at the Herald. The aged brittle pages were processed by Publisher Bob

Craig with the book intact.

The first publication was printed letterpress, that is, from hand set type and zinc plates for the pictures. The reproduction is printed by offset method which is a photographic and printing process.

The book was reprinted under the sponsorship of the Bicentennial committee and the cover was printed courtesy of The Hamlin Herald.

The cover is heavyweight white hopsack stock and was the first job to be printed on a new Davidson offset press delivered Friday and installed Monday and Tuesday at the Herald plant.

The cover, designed by Craig, features an emblem he created using the Texas Bicentennial emblem and the Hamlin Pied Piper. A notation on the back cover

explains "This early history of Hamlin was first printed by The Hamlin Herald in 1911 and was reprinted again by The Hamlin Herald in 1975."

The 28-page book gives the history of Hamlin from its organization in 1906 through 1910. At this time the cornerstone had been laid and the Central Nazarene University was under construction. The population increased from 7,053 in 1900, to 24,299 in 1910, according to information in the book.

Members of the Bicentennial committee believe this valuable record of Hamlin's early history will be appreciated by the people in Hamlin and others who have lived here.

The book will be placed on sale during Homecoming and will also be available at several local businesses.

## First Baptist Church to Mark 70th Anniversary Sunday

First Baptist Church will celebrate its 70th Anniversary Sunday with a Homecoming and Building Dedication Service. The celebration will actually begin Saturday afternoon with Open House from 2:30 to 4:30.

C. L. White, chairman of the Building Committee will preside during the Sunday morning service. The message will be preached by The Rev. Byron Bryant, former pastor (June, 1964 to Sept., 1966) who is now Director of Missions of the Grayson Baptist Association. Rev. Bryant's home is in Sherman. The special music will be presented by Mrs. Robert Moore.

There will be a luncheon service with Mrs. Fred B. Moore Jr., presiding. Mrs.

Moore is a member of the Building Finance Committee. During this service Joe Hudspeth, general chairman of the Building and Finance Program will burn the building notes emphasizing that the church is now debt-free.

T. O. Upshaw, Director of Missions of the Baptist Double Mountain Area which includes Hamlin, will also have a part in this service.

Noel Weaver, a member of the Building Finance Committee and chairman of the arrangements committee for the Homecoming and Dedication Service, will preside during the evening worship service. The special music will be presented by Janeth Hartley, daughter of The Rev. and Mrs. Lenard Hartley. Rev. Hartley who is

also a former pastor (Jan. 1960-June 1964) will preach the message. Hartley is now pastor of the Sherwood Baptist Church in Odessa.

Other members of the two committees responsible for the planning and completion of the new building facilities, the Building Committee and the Building Finance Committee, are John Steele, Robert Moore, B. V. Newberry, Joe E. Ford, Mrs. C. L. Howard, E. A. Hewett, J. C. Turner, Weldon Johnson, Leldon Clifton, Ernest Jenkins, Cecil Sellers, Edgar Duncan, O. H. Weaver Jr., Bob Hawes, J. E. McCoy and Charles Evans.

Weekend rainfall was recorded 1.96 inches by Bill Rountree, weather bureau recorder here.

## Pipers to Host Stamford In Homecoming Game

The Pipers will battle their arch rivals, the Stamford Bulldogs, here Friday night in a Homecoming game for Hamlin Ex-students. The kickoff for the district contest is set for 7:30.

The Bulldogs lost last week to Ballinger, 31-7, while the Pipers were defeating the Coahoma Bulldogs, 22-6. The two teams will be carrying identical 2-2 district records into Friday night's contest. In the other district game played last week, Colorado City defeated Winters, 7-6.

In other action this week, Anson will play at Winters and Colorado City will play at Ballinger.

According to scouting

reports, the Bulldogs are a light, quick team that relies on the running of Don Earl and the passing of Bryan Tabor. Earl, a 170-pound halfback, is rated as one of the top backs in the district.

The Bulldogs operate from a variety of formations designed around the running of Earl and their passing attack. Running in the backfield with Tabor and Earl will be Brit Medford, 159-pound halfback, and Rory Mays, 127-pound flanker.

Split receiver for the Bulldogs will be David Bolin, 137 pounds, and at tight end will be Bill Harrell, 151 pounds. The tackles will be

Jimmy Bunkley, 155 pounds, and Larry Dickerson, 150 pounds. The guards will be Melvin Mueller, 149 pounds, and Tommy Willis, 146 pounds. The center will be Burney Herman, 150 pounds.

# Fourth Quarter Score Gives Pipers 22-16 Victory

Halfback Daniel Willis picked his way 50 yards through the Coahoma Bulldog defense late in the final period Friday evening to put the winning six points on the scoreboard to give the Pipers a 22-16 district win.

The Pipers went in at half time with a 16-point lead only to see the Bulldogs come back in the second half to tie the game 16-16 with 11:17 left in the game.

Willis was the top ground gainer of the evening, scoring two touchdowns and carrying the ball 11 times for 97 yards. He was followed by fullback Delbert Thompson who rushed for 84 yards in 12 carries before going out of the game early in the second half with an ankle injury. Robert Phariss, who scored the other Pipers touchdown, had 79 yards in nine carries.

Ricky Patterson was the top ground gainer for Coahoma with 48 yards in 11 carries.

The Pipers took the opening kickoff at their own 20 and covered the 80 yards in 11 plays with Willis scoring from the seven. Stan Jones split the uprights to give the Pipers a 7-0 lead with 7:15 left in the first period.

Thompson and Phariss picked up most of the yardage on the drive with Thompson having runs of 19, 7, 2, and 20 yards. Phariss picked up yardage on runs of 9, 3, 1 and 10 yards. Willis picked up two yards early in the drive and then left two Coahoma Bulldog defenders on the ground as he picked his way into the end zone from seven yards out.

Coahoma failed to gain a first down following the

kickoff and punted to the Hamlin 15. The Pipers moved out to the 28 before giving up the football on a fumble to give the Bulldogs their first scoring opportunity.

The Bulldogs could pick up only two yards in three plays and on fourth down Rogan Tindol dropped back to pass.

The ball was tipped into the air by one Pipers defender and Willis came up with it at the 10. Picking up good blocks, the speedster crossed the field and was finally brought down at the Coahoma 42. The Pipers moved down to the Bulldog 27 before giving up the ball on downs.

The tough Pipers defense held the Bulldogs to eight yards in three plays and Coahoma punted to the

Hamlin 43. A pass interference call on the Bulldogs gave the Pipers a first down on the Bulldog nine. But the officials ruled that Willis was just inches short of the goal on fourth down.

Picking up their first first down of the game the Bulldogs moved out to the 19 before dropping back into punt formation. A high snap from the center sailed over the punter's head and out of the end zone to give the Pipers a two-point safety.

With the Bulldogs punting from the 20, Paul Reynolds returned it 10 yards to the Coahoma 43. Thompson carried into the line for three and then Phariss took the option pitch from quarterback Gerald Rodgers, got a good block from Willis, and raced down the sideline for 40 yards and the second Pipers score. Jones added the point after to give the Pipers their 16-0 lead with 3:45 left in the first half.

The bulldogs put together their first sustained drive of the night following the kickoff as they moved from their own 20 to the Hamlin 16 before running out of downs.

The Pipers moved back up field to the Coahoma 36 before a 15-yard penalty put them back on their own 49. Two passes were incomplete and the Pipers had to punt. Coahoma ran one play to close out the half.

The Pipers kicked off to the Bulldogs to open the second half. Taking over on their

own 30, the Bulldogs failed to make a first down and punted. Phariss tried to field the short kick at the Hamlin 46 and fumbled with Coahoma recovering.

It took the Bulldogs only six plays to cover the 46 yards with Patterson scoring from the two. Tindol passed to Tim Higgins for the two points and the score stood at 16-8 with 7:50 left in the third period.

The Pipers failed to gain a

first following the kickoff and Rodgers punted 59 yards to the Coahoma 17.

Mixing up their passing and running game, the Bulldogs moved the ball 83 yards in 15 plays with Tindol scoring from the five. He passed to Higgins for the two-point conversion to tie the game with 11:17 left.

Following the kickoff, the Pipers moved down to the Bulldog 20 on the running of

Rodgers, Jones and Willis, but on fourth down Willis was just inches short of a first down and the Bulldogs took over at the 17.

Again the Pipers defense stiffened and the Bulldogs could gain only two yards in the three plays and were forced to punt to the Hamlin 47.

Jones carried for two, and Phariss added two more before Willis took off on his

50-yard scamper. Willis took the quick pitch from Rodgers and seeing the outside closed up, he cut back over the middle leaving would-be tacklers all over the field and raced into the end zone standing up. The kick for the point after was wide and the Pipers led 22-16 with 4:30 left in the game.

Coahoma returned the kickoff to their own 34, picked up a first down at the 47, but

lost a yard on first down and then had three passes go incomplete to give up the ball on their own 46.

Using up the clock, the Pipers ran Jones into the middle of the line for 23 yards in four plays before Willis tried to get outside only to be dropped for a seven-yard loss. Rodgers fell on the ball on the next play and Pipers watched the clock run out to give them their 22-16 victory

about the same as Stamford but has been in Class A for two years now. We understand that Stamford only has about 20 more students than is required to stay in Class AA.

The fact that Hamlin has been on top in the present AA district they are in for the past three years and in contention again this year has made it hard to accept being dropped back to Class A. But over the long haul it is difficult for schools in the bottom half of any of the brackets to compete with the schools in the upper half.

Next year Class AA will include schools with average enrollments varying from 240 to 549. If you figure that half of these students

are girls and that about half of the boys do not take part in athletics, it is not hard to see that the smaller schools must be blessed with exceptional talent to compete with the larger schools.

The breakdown for the UIL classifications for the next two years will be Conference B, up to 124 students; Conference A, 125 to 239; Conference AA, 240 to 549; Conference AAA, 550 to 1,219; and Conference AAAA, 1,220 and up.

As we said earlier, the whole program is for the youngsters, but it still needs the support of the fans and this is where the problems will come in. Many of the schools in the new district just do not have the facilities to handle the crowds that Hamlin usually takes to games. But maybe with Haskell, Rotan and Hamlin in the same district some of the other schools will see their gates grow to the point that they will consider enlarging some of their facilities.

## Neinda Philosopher Takes A Dim View Of The Contention That Most News Comes From TV

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One looks at television news this week, more or less.

Dear editor:  
According to an article I read in a Newspaper last Monday night in between plays to keep from having to listen to Howard Cosell, most people now get their news from television.

This was stated as a confirmed truth and I got to thinking about it. Possibly it's true, considering how uninformed most of us are about what's going on in the world, although that's no test; most of us were in that shape even before television was invented.

Now I'm not berating television news. For example, the other evening during the TV news I marveled at the fact that man has put a satellite into orbit to bring a live picture from Japan to Hamlin to tell us that Nancy Kissinger has bought a shaving brush for Dr. Kissinger, when all along I'd thought television commercials had persuaded everybody to use shaving cream from a squirt can, unless of course they'd tuned in another network and were persuaded to use an electric shaver. It's clear the Kissingers don't watch much

television, but that doesn't explain why he has to keep flying back and forth between those mid-east countries to make sure what he found out yesterday is still true today, which most of the time it isn't.

But back to the notion that most people get their misinformation, I mean their news, from television. It's true they get the big news there first, like when Patty Hearst is captured or when the President is fired at by a woman, whom TV first reported was a man. But to say people get most of their national and international news from television 30 minutes a day, take away 5 minute for commercials, and most of their local news from television another 30 minutes day, take away 10 minutes for commercials and 5 more for car wrecks, is to be uninformed on how human nature operates.

Newspapers, which now have more circulation in the U.S. than ever before in history, furnish I'd say 50 times more news than television, and word-of-mouth beats both, if you're on speaking terms with your neighbors.

# FROM THE FILES . . .

**FIFTY YEARS AGO**  
(November 5, 1925)  
Tuesday afternoon and Tuesday evening at the Methodist Church, Mrs. Caperton Pace, who has recently returned from India spoke to a large and appreciative audience. Mrs. Pace, with her husband, has spent five years in one of the Mission schools of Northern India, and her experiences in this benighted land make a very interesting story. She is a woman with a very attractive personality and a very forceful speaker, and her talk was not only very entertaining, but very instructive.

This year we have a great increase of students from the surrounding communities, Dovie, Hitson, Neinda and Wise chapel. The Study Hall and all class rooms are filled with desks and the new rooms are being conveniently occupied. There are thirty-seven seniors, the largest and best senior class in the history of Hamlin High. This week the McMahon Jewelry Store has been the center of attraction. This is because of the wonderful music that the ORTHOPHONIC Victrola Makes. This is something new in artificial music. It is so far ahead of the victrola that there is not much comparison. Go hear the thing. It is not always that the fire department is remembered with a check or two after fire, but the Hamlin Boys are glad to report they have recently been the recipients of good gifts. Following the fire at the old Opera House last week, B. B. Colwell is the nearest neighbor to the burned building and one of the best firemen in town himself just went and hooked out a \$25 dollar check. Thats what we call "example."

**SEVENTY YEARS AGO**  
(November 4, 1905)  
A disappointing number of area motorists ended the safety driving clinic conducted last Friday afternoon at Hamlin High School Auditorium. The clinic was sponsored by the Fifty-Two Study Club and Haman's Literary Club in co-operation with West Texas Utilities Company. Eudora Adkins, public relations representative of the utilities firm, was chairman of the meeting.

Acquisition of a frame building and plans moving it to the new site in Northwest Hamlin were announced this week by the leaders of the Sunset Baptist Church. Since coming to the church recently of Rev. W. Thomas as pastor of the church, the congregation purchased the building in which they had been worshipping, as well as piano they had been renting. Three principals of Hamlin Elementary schools were in Seymour yesterday (Wednesday) to attend the first meeting of the Belt Principals and Supervisors Association. The sessions were held in the Hamlin High School Auditorium. Featured in the All Day program were Dr. Donald Donald and Dr. Orval Fillbeck of Abilene, Frank Wilson of Snyder and G. H. Boy of Wichita Falls. Gospel singers from Sweetwater will be featured at the regular Friday night singing at the Community Church, five miles east of Hamlin, tonight. Also a quartet from Abilene will be present. Refreshments will be served following the singing, to which the public is invited. Farmers and ranchers in this section are urged to attend a soil conservation meeting discussing the Abilene Reporter-

MARSHALL TOWNSLEY sets seminar

## Faith Seminar Planned Here Next Week

Marshall Townsley, pastor of the Church at Sylvester, will be directing a Faith Seminary Nov. 20-23 at the Jaycee Community Building. Services will be Thursday through Saturday at 7 p.m. and Sunday afternoon at 2:30. Townsley has been minister of the Sylvester non-denominational congregation for about six weeks. He moved here from Seagoville where he was assistant pastor and music minister at the Church at Seagoville. He and his wife, the former Cindi Pace of Mesquite, will be presenting special music during the seminar.

### TEN YEARS AGO (November 4, 1965)

The Hamlin Herald, Hamlin's oldest business to be operated under the same name since its beginning, observes its 60th Anniversary this week. The newspaper, according to information from the files, was started the week in November, 1905, by Mrs. Claude Shelton, who later went to Rotan. The weekly newspaper, in recording the news of the week is writing history of Hamlin, as it has done for sixty years. The weekly issues are bound into a volume each year and kept carefully to insure an uninterrupted story of Hamlin and its progress. Hamlin voters voted with the rest of Jones County to retain the wolf trapper. The east box voted 99 for and 43 against while the west box tallied 51 for and 3 against. In a light vote of 144 here Tuesday the west box voted against proposals seven and 10 and for the rest of the ten. The east box with 58 votes cast went for all proposals except number 10. Mrs. Lennie Greenway presided at West box and Tom Routh was in charge of the east box.

The sixth grade will play an intra-squad scrimmage here Tuesday night preceding the eighth grade game with Stamford. before the winner of this district will know who they are to meet in Bi-District.

After three years of working our Thanksgiving holidays around the playoff games it does seem strange this year not to have this problem. For the Pipers it will be roundball time after Friday night.

We hope that a good many of you will make a special effort to go to Colorado City Friday night and help the Pipers go out of AA with a final victory. These youngsters have had a good season and are more than deserving of your support in this final game.

Townsley said that the messages will be centered around "the faith that God has given us and how to release it." Also to be presented, he said, is who man is in God's plan. The public is cordially invited.

## "REMEMBER, GRANDPA, WHEN..."

How Grandpa loves to hear that young voice say those magic words that mean, "We had good times together! I appreciate all the wonderful things you did for me when you were younger and able." Old folks love attention. They need it. They deserve to have it. They've spent their lives helping us, many times at the expense of their own desires and plans.

God commands us in Leviticus 19:32: "Thou shalt rise up before the hoary head, and honour the face of the old man, and fear thy God. I am the Lord."

Honor the older ones, too, by attending church this week and taking them with you.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
